Papers vide D.M 906/48 Secretariat Regd Dr no 28/8/50 for records

1. Submitted for orders with Collection Seri 132-45 (1 to 7) leading to the appointment of Mr. K. Shamshuddin Khan as Superintendent of Sericulture.

Dr 10/2/48

2. Reference is invited to the Decision recorded on 2.12.46 in Seri file 30-46 & 132-45-(6 7). Shall we in the Genesis of the orders leading to the existing pay & status of the Supdt of Seri & the present incumbent, Mr. Shamshuddin Khan. As he is due to reach Rs. 850, the maximum in the grade, by about January 1949.

3) Mr. K. S. Govinda Rao, the Director of the Research Institute is deceased and his place is now vacant, but Mr. Shamshuddin Khan is looking after the preliminary work relating to the Institute

Subs. The file relating to no 3 is submitted and the connection. No: 2890.

Duty & Grade of Supdt of Sericulture

After it comes into being and its work gets into stride, a full time officer may have to be thought of.

4. In respect of mere volume of work of the Supdt of Seri, it may be stated that it has nearly trebled itself since what it was a few years ago when the Dept was started on to the path of progress for a time.

5) As stated by Mr. Ramaiah Chetty, the area under mulberry has increased to more than three fold extent and the increase is to reach the figure of 1 lakh of acres in 1950.

6. The budget of the Dept also estimates an expenditure of Rs. 5,84,000 for 47-48, and a total receipt of 2½ lakhs. The Dept is thus more or less a spending and a revenue earning dept at the same time.

7. Besides these points, the following are among the other salient factors that contribute to the increase in the responsibility

Pay and Grade of the Supdt of Sers 2407

of the Head of the Dept:-

1. Post war Schemes, eight in number accounting for a Capital expre of about Rs. 20 Lakhs and an addl. recurring expre of about 5 Lakhs a Year.
2. the importance of the Silk industry, which is also a Cottage industry, almost unique in purpose.
3. the future position of the industry which gained some impetus during the war, having been at the lowest ebb previous to the war.
4. all Inter Contacts, with the Silk Board etc. Silk Conditions House,
5. Control of Handicrafts (Statutory & new
6. already some State Govts + Provincial additions to the Supdt work. Govts (Bihar) have asked for the Supdt services; thus indirectly incidentally the necessity for status and personal equation of the Head of the Dept.

8. Among points personal may be mentioned the higher grade pay of the Dir of Geology who was also regarded for long as the head

Pay and grade of the Supt. Seri.

of a minor dept.

9. Another point is that Mr Shamsuddin Khan's services were requisitioned by the Mysore Govt Silk Filature on a pay of Rs. 1000/- that Govt declined to spare them. This is possibly a material point entering into the consideration of the request.

10. According to Govt Instr, Mr Shamsuddin Khan is due to attain superannuation in Dec 1949

11. All these points could support to the request made.

12 This question is both really one in C.D as it relates to an appt carrying a pay of over Rs. 500/- p.m.

11/2/48.

13/2/48

14 The prayer of Mr: Shamsuddin Khan to designate him as Director of Sericulture on a grade pay of Rs 1000-50-1200, as he is in charge of work both as superintendent of Sericulture and as the

17 The request made by Mr. K. Shamshudin Khan, Supdt of Sericulture are the following:-

(1) The designation of the Supdt of Sericulture may be changed to that of the Director of Sericulture.

(2) The case pay of the post may be fixed at Rs 1000 - 50 - 1200 just as in the Case of certain other Heads of Depts.

Late Mr. H.S. Gowda Rao, while he was Supdt of Sericulture had also made a similar request in Jany. 1945 for a Grade pay of Rs 800-50-1000. The question was placed before the Council and it was considered inexpedient to create a post of the "Dir of Sericulture" on a pay of Rs 800-1000 as then proposed and a P.A. of Rs 100/- only was sanctioned to him

Mr. Shamshuddin Khan will attain the age of superannuation on 15-12-49.

To the para 3 of the notes it is seen that Mr Shamshuddin Khan is working after the preliminary work relating to the central Sericultural Institute, ever since the demise of Mr H.S. Gowda Rao, Dir of the Institute. It is not clear whether it has resulted in any extra work to Mr Shamshuddin Khan nor does he refer to this in his letter.

33. Since Mr. Shamsuddin Khan is also in charge of the work of the Sericulture Research Institute from August 1947 on the demise of Mr. A.S. Govinda Rao, the question of giving him a suitable allowance for the additional work may, perhaps, be considered after consulting the Finl. Secy.

Special Officer, is being looked after by the Superintendent of Sericulture himself.

39. Consequent on the demise of Sri H.S.Govinda Rao even before he assumed charge as Director of Sericultural Research Institute, though appointed as such, the work relating to the Institute was being looked after by Janab Shamshuddin Khan, in addition to his own duties as Superintendent of Sericulture, without any extra remuneration for this additional work also. It may be mentioned here that the proposals for the starting of the Central Sericultural Research Institute have been under the consideration of Government, and the part of the scheme relating to the Sericulture Section is to be started very shortly. The vast work relating to this has devolved on the superintendent of Sericulture.

40. Reference is invited to paras 4 to 8 of the notes above, from which can be gauged the vast increase in the work and responsibilities of the Superintendent, subsequent to the cessation of war and due to several Post-war Schemes that are under consideration.

His services were asked for by the Spun Silk Mills on Rs.1000/- per mensem and Government declined to spare them; and the abolition of the post of the Special Officer also ~~hit on~~ has affected him in so far as it curtailed his emoluments.

recognised for a higher grade pay. This anology lends support to the request of the Superintendent of Sericulture, and the fact that his services were asked for by other Governments like Bihar may well be taken to indicate the need for increasing his status.

42. Janab Shamshuddin Khan attains super-annuation by December 1949, having hardly about eighteen months of of service before him. In view of this, as also of his his services to the Department and the reduction of his emoluments on account of the abolition of the post of Special Officer, his requests that he may be designated as Director of Sericulture with a pay of Rs.1000/- in grade Rs.1000-50-1200 may be considered favourably and sanctioned.

Final note by the Minister for City Municipalities & Muzrai

Subject:- Representation of Janab K. Shamsuddin Khan, Superintendent of sericulture, to raise his pay and status.

"S"

Janab K. Shamsuddin Khan was appointed Superintendent of Sericulture on Rs.800/- per mensem in grade Rs.600-50/2-850 in Government Order No.D.4296--4303/Seri. 30-44-13 dated 15th January 1947, in consideration of the fact that he was drawing a salary of Rs.1,000/- per mensem, when he was employed in the Mysore Spun Silk Mills Ltd., and when he held the appointment as Special Officer, Silk Filature Expansion Scheme. The grade pay was personal to Janab Shamsuddin Khan. On the demise of Sri H.S. Govinda Rao, Director of the Central Sericultural Research Institute on 25th August 1947, the preliminary work relating to the Central Research Institute is being looked after by Janab Shamsuddin Khan in addition to his own duties.

2. Janab Shamsuddin Khan has represented that the work of the Sericultural Department has increased considerably under all heads and branches. The area under mulberry which was only about 35,000 acres a few years ago, has increased to more than 80,000 acres and it is programmed to bring it up to one lakh of acres by the end of 1950. The budget of the Department which was about a lakh of rupees in the pre-war period has now gone up to six lakhs of rupees annually. The post-war schemes involve a capital expenditure of about 20 lakhs of rupees and will necessitate an annual additional expenditure of five lakhs of rupees. He further states that the silk industry which has expanded considerably as a result of the fillip given by the last war, has to be organised on proper lines to put it on a firmer basis to enable it to meet foreign competition. In view of the economic importance of the industry and the responsible nature of the work to be carried out, he requests that the designation of the Superin--tendent of Sericulture may be changed as Director of Sericulture and his pay be raised to the grade of Rs.1000-50-1200/-.

3. Janab Shamsuddin Khan is drawing a pay of Rs.800/- in grade Rs.600-50/2-850/- from January 1947. He will attain the age of superannuation

22/11

on 15th December 1949 and he has been granted an extension of service for a period of one year from 15-12-1949.

4. With regard to the enhancement of the grade pay of Janab Shamsuddin Khan, the Financial Secretary has noted that in view of the fact that Janab Shamsuddin Khan was given a special pay of Rs.800/- in grade Rs.600-50/2-850/-, though his permanent pay was only Rs.350/-, on the consideration that he was drawing higher emoluments in foreign service, viz., the Mysore Spun Silk Mills and Silk Filature Expansion Scheme, there is no reason to further raise his pay and no need to create any special grade for this Department.

para 45 of the notes.

5. The matter was discussed at a meeting of the Council of Ministers held on 10th November 1949 and the following resolution was adopted:

para 56(a) of the notes.

> "The Council is of opinion that the appointment of Superintendent of Sericulture may hereafter be designated Director of Sericulture and Janab K. Shamsuddin Khan be placed in grade Rs.800-40--1000, which is personal to him, and he be allowed to draw Rs.880/- from 1-12-1949."

XXX

Dear Sir,

Subject:- Increase in status and emoluments of the Superintendent of Sericulture.
--

I beg to state that, the work of the Department of Sericulture has increased considerably as also the importance and usefulmess of the Industry not only to Mysore but also to India herself. I submit that it is necessary to revise the grade of the Superintendent of Sericulture and also to change the designation to that of 'The Director of Sericulture'.

2. I am, as Superintendent of Sericulture, getting Rs.800/- in the grade of Rs.600-50/2-850. The work of the Department has increased considerably under all heads and branches. The area under mulberry which was only about 35,000 acres a few years ago has gone up to more than 80,000 acres, and it is programmed to bring it up to ~~more than~~ one lakh of acres by the end of 1950. The budget which was only about a lakh of Rupees during the pre-war period has gone upto 6 lakhs of Rupees annually. The Post-war Schemes already sanctioned and under sanction of Government involve a Capital expenditure of about 20 lakhs of Rupees and will necessitate an annual additional expenditure of more than 5 lakhs of Rupees a year. The Industry which is of high national importance and which has expanded considerably as a result of fillip given by the war in recent years has to be organized on proper lines so as to put it on a firmer basis to enable it to meet foreign competition. There is increase in the volume and variety of work which involve additional responsibility. In view of the importance of the Industry and its economic status and the responsible nature of work to be carried out, it is felt that the status of the Department requires to be improved. I therefore ~~recommend~~ request that the

designation

designation of the Superintendent of Sericulture may be changed to that of the Director of Sericulture and the emoluments may be raised to Rs.1,000-50-1,200/-.

3. It may not be out of place to mention that Madras with only one-fifth of Mysore Sericulture has an officer on Rs.700/- per month. Bengal with only one-third of Mysore Sericulture has an officer on Rs.1,200/- per month. Further all important Departmental Heads of the Mysore Government are in very much higher grades than the one given to the Superintendent of Sericulture at present. The Director of Geology in Mysore is drawing a pay of Rs.1,200/- per month and his salary is likely to be further revised.

4. In view of all the circumstances detailed above, I request you to be so good as to move Government to sanction my above proposal designating the Superintendent of Sericulture as Director of Sericulture on a grade pay of Rs.1,000-50-1,200 per month.

Yours sincerely,

V. S. Rao

Syed Abdul Aleem, Esq. B.A.,

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Order No.D.4296-4303/Seri.30-44-13

Bangalore, Dated the 15th January, 1947.

The Sericultural Policy Committee of the Economic Conference recommended, among other schemes of Post War Developments, the opening of a Central Sericultural Research Institute.

A special Committee under the Chairmanship of Rajasevaprasakta N. Rama Rao, was constituted to examine the scheme, and the committee have submitted a detailed report in the matter. This report was also examined by the Co-ordination and Finance Committee of the Economic Conference, who while agreeing with the scheme in general, have suggested a re-examination of the scheme by the Special Committee on the basis of reduced capital cost. The Special Committee having ceased to function, proposals for its reconstitution are separately under consideration and the question will be referred to it again.

The Special Committee suggested among other things, the appointment of a Director on a salary of Rs.1,000-50-1,200 to be in charge of the proposed Central Sericultural Research Institute.

In view of the extreme importance of research in Sericulture in Post War reconstruction, Government consider it necessary to have an officer of high standing and experience as Director of the Central Sericultural Research Institute who will also be in charge of all research work. Government further consider it necessary that the Director of the Institute should be a wholetime officer so that he might devote continuous attention to research work connected with the development of sericulture.

Pending re-examination of the Scheme by the Special Committee to be reconstituted, Government are pleased to appoint Mr. H.S. Govinda Rao, at present Superintendent of Sericulture, as Director of the Central Sericultural Research Institute on a pay of Rs.800/- p.m. in grade Rs.600-50/2-850, the grade pay will be personal to Mr. Govinda Rao.

The work relating to the Silk Filature Expansion Scheme is almost concluded, and separate orders will issue in the matter of winding up the said office. Government direct that Mr. K. Shamsuddin Khan, at present Special Officer, Silk Filature Expansion Scheme, be appointed Superintendent of Sericulture in place of Mr. H.S. Govinda Rao on a pay of Rs.800/- p.m. in grade Rs.600-50/2-850, This grade pay of the Superintendent of Sericulture will be personal to Mr. K. Shamsuddin Khan.

CIRCULATION NOTE.

Council File No.
For Consideration
at a Meeting of Council

SUBJECT.

Representation of Janab K. Shamsuddin Khan, Superintendent of Sericulture, to raise his pay and status.

Janab K. Shamsuddin Khan was appointed Superintendent of Sericulture on Rs.800/- p.m. in grade Rs.600-50/2-850 in Government Order No.D.4296-4303/Seri.30-44-13 dated 15th January 1947, in consideration of the fact that he was drawing a salary of Rs.1,000/- p.m. when he was employed in the Mysore Spun Silk Mills Ltd., and when he held the appointment as Special Officer, Silk Filature Expansion Scheme. The grade pay was personal to Janab Shamshuddin Khan. On the demise of Sri H.S. Govinda Rao, Director of the Central Sericultural Research Institute, on 25/8/1947, the preliminary work relating to the Central Research Institute is being looked after by Janab Shamshuddin Khan in addition to his own duties.

2. Janab Shamshuddin Khan has represented that the work of the Sericultural Department has increased considerably under all heads and branches. The area under mulbery which was only about 35,000 acres a few years ago has increased to more than 80,000 acres and it is programmed to bring it up to one lakhs of acres by the end of 1950. The budget of the Department which was about a lakh of rupees in the pre-war period has now gone upto Rs.6 lakhs annually. The post-war schemes involve a capital expenditure of about 20 lakhs of rupees and will necessitate an annual additional expenditure of 5 lakhs of rupees ~~per year~~. He further states that the silk industry which has expanded considerably as a result of the ~~fixing~~ fillip given by the last war, has to be organised on proper lines to put it on a firmer basis to enable it to meet foreign competition. In view of the economic importance of the industry and the responsible nature of the work to be carried out, he requests that the designation of the Superintendent of Sericulture may be changed as Director of Sericulture and that

his pay be raised to the grade of Rs.1000-50-1200.

3. Janab Shamsuddin Khan is drawing a pay of Rs.800/- in grade Rs.600-50/2-850 from January 1947 and the next increment raising his pay to Rs.850/- in the grade will accrue in January 1949. He will attain the age of superannuation on 15th December 1949.

4. With regard to the enhancement of the grade pay of Janab Shamshuddin Khan, the Financial Secretary has noted that in view of the fact that Janab Shamshuddin Khan was given a special pay of Rs.800 in grade Rs.600-50/2-850, though his permanent pay was only Rs.350/-, on the consideration that he was drawing higher emoluments in foreign service, viz., the Mysore Spun Silk Mills and Silk Filature Expansion Scheme, there is no reason to further raise his pay and no need to create any special grade for this Department.

5. The Minister for City Municipalities ~~xxxx~~ and the Chief Minister have ordered that this matter may be discussed at a Meeting of the Council. Hence this note.

M. Malleshayya.

Secretary to Government,
Revenue Department.
